

Sporg Corporate Profile

Background

In North America there are over one and a half billion registrations relating to organizations, clubs and events on an annual basis. That represents millions of organizations, clubs and events throughout the world carrying on this registration process every day of the year, on an ongoing repetitive basis.

What we do

After exhaustive research and market analysis, Sporg, in Partnership with KPMG Consulting, has designed and built software, which meets the registration needs of all organizations. The Sporg product is a complete worldwide website portal that provides a “NEW WORLD OF REGISTRATION”, by packaging on-line registration, e-commerce and payment processing with advanced data base and communication benefits for any organization. Our customers use our services to reduce costs, improve cash flow, reduce management overhead, increase customer service levels and provide better, timelier information. Sporg simplifies the registration process and allows individuals to sign up and pay from anywhere, anytime. Everyone benefits.

Partners

Sporg works with a team of companies renowned for their experience and expertise to provide your client web site with nothing but the best possible service.

- Cardservice International provides secure credit card processing.
- Sun Microsystems supplies enterprise level server hardware, as sophisticated as those used by financial institutions and hospitals.
- IBM enterprise level server software delivers the Sporg product
- KPMG Consulting designed, programmed and tested the Sporg system.
- Oracle software powers the Sporg database, allowing access simultaneously to thousands of organizations and registrants
- Cisco Systems and Verisign supply security features including dual firewalls, 24-hour intrusion detection systems and hardened operating systems.
- TD Bank and Beanstream provides secure credit card processing in Canada

To sign up as your event or group, or to request more information please contact Sporg at (604)-669-4555 or via email at sales@sporg.com
