

## Pricing Info

Pricing is very straightforward: there is a \$99 one-time sign up fee and then transaction fees for each registration. The registration transaction fees are also quite inexpensive and simple. All transactions are charged 1.5% + \$.50 for processing on the Sporg site; in addition, if the transaction is via credit card (it is possible to pay by check with Sporg) there is an additional 2.5% + \$.50 to the credit card company.

For the purpose of clarity, on a \$100 credit card transaction: \$5 is subtracted by the transactor (Cardservice International) and \$95 is deposited into your bank account within 5 days. Of the \$5: \$3 is distributed to the credit card company and \$2 is distributed to Sporg.

The Sporg portion covers ongoing service, plus: support by phone or email, server & database maintenance and hosting, security enhancements and feature development. This way, you are only paying for the service when it is in use!

If you are familiar with the cost of a traditional online Merchant accounts, you are essentially getting a suite of registration tools for FREE! And, there are no monthly costs, no monthly or annual transaction minimums and no maximum number of events or server space. Even without past experience with merchant accounts, online registration will reduce traditional costs associated with your registration – such as, postage and inputting.

All across North America, organizations are challenged to increase efficiency and effectiveness as well as to reduce costs. Sporg's online registration system can help meet this challenge head-on.

Finally, one of the great advantages of using Sporg is that all registration fees are processed directly into your bank account - funds are not held (even temporarily) by Sporg. This means that your organization can count on a steady, fast and reliable cash flow from registrations.

Remember, we can have you up registering your members and collecting registration revenue in as little as 48 hours!

Once again, thank you for your interest in Sporg Online Registration Systems.
